## **Global Citizenship (From Social Analysis to Social Action ...**

Global citizenship, in some contexts, may refer to a brand of ethics or political philosophy in which it is proposed that the core social, political, economic, and environmental realities of the world today should be addressed at all levels—by individuals, civil society organizations, communities, and nation states—through a global lens. It refers to a broad, culturally and environmentally inclusive worldview that accepts the fundamental interconnectedness of all things.
