"I'm not a scientist" refers to a flippant remark Republican Senator Marco Rubio made in response to a question regarding the age of the earth. Online, the term became a way to poke fun at someone's ignorance or avoidance of a topic they were ignorant of, especially conservative politicians.

"I'm Not a Scientist" | Know Your Meme

Once again, I'm no scientist, but I do know this: he will die like everything else does, especially old assholes like him. As I've discussed before, no one will attend his funeral, so we have that going. Most of America, approximately 70%, will rejoice like the Munchkins did when the Wicked Witch died in The Wizard Of Oz.

In the year 1997, Dr. Mark Beilski published that lymphocytic leukemia is "intimately associated with candidiasis." Of course, candida is a single cell fungus, so it should surprise no one that I am in total agreement with Dr. Bielski. But just when I think headway is being made by mainstream medicine, Wake Forest University submits this headline:
