Combating Trade Based Money Laundering: Rethinking the Approach 1 INTRODUCTION In 2006, when the Financial Action Task Force (FATF) published its report, Trade Based Money Laundering, it was apparent that additional measures were needed to help combat money laundering and the financing of terrorism in the international trade sector.

**Rethinking the Approach**  
Money laundering is the illegal process of concealing the origins of money obtained illegally by passing it through a complex sequence of banking transfers or commercial transactions.The overall scheme of this process returns the "clean" money to the launderer in an obscure and indirect way. One problem of criminal activities is accounting for the proceeds without raising the suspicion of law ...

**Chapter IV: The Physical Element or actus reus of Money ...**  
The approach taken by international laws and standards to impede terrorism treats terrorist financing as another form (predicate crime) of money laundering. This approach justifies the integration of terrorist financing into money laundering counter-measures with an exaggerated focus on two inaccurate assumptions: terrorists' involvement in criminal activities (especially organized crime), and utilising money laundering tools by terrorists to move their funds.
