When it comes to used sergers, you could do better. I had an opportunity to review this serger while visiting the used machine department at Factory Sew-Vac. While the stitches are good, there are

other things that could turn you off. If, however, you don't mind working on a noisy machine that vibrates more than I think it should, you just might be happy with the White Speedylock Model 1600.

Manual For White Speedylock Serger Model 7340

BTW, the White I had was great for the first 2 years, then the tensions went bad. 2 costly repairs later, I still couldn't get it to work right, so I got rid of it. But many people have White sergers and love them. Maybe I got a "friday" serger! This model is easier to thread than most. The left side opens for easy access to the lower looper ...
